04/12/2013	17857	ADAM	COX	NEW YORK UNIVERSITY SCHOOL OF LAW	<p>A. We would like to request the Interoperability Report for FY 2013 that provides monthly statistics through November 30, 2012. During the fall of 2012, the Interoperability Reports in the online ICE FOIA Library were not updated on a monthly basis, and this monthly report has not been posted to the site.</p> <p>B. We would like to request data on the number of persons "Administratively Arrested or Booked into ICE Custody" through Secure Communities. Prior to July 2011, this information was reported in each monthly Interoperability Report, broken down into 5 columns (L1, L2, L2, Noncrim, and Total). Beginning in July 2011, these columns were no longer included in the monthly reports posted to the ICE FOIA Library. We would like to obtain the information that would have been in these columns for the months July 2011 to the present.</p> <p>It is important that we can compare the administrative arrest data for these months with the other interoperability data on submissions, hits, and removals that we have already received from your office. We are sensitive to the fact that monthly interoperability data is regularly revised after its initial release, so we are open to whatever data production method your office believes will ensure comparability. We see two possible approaches to the data production:</p> <ol style="list-style-type: none"> 1. If administrative arrest data that is comparable the existing data we have already received from your office is available, then we request that this administrative arrest data be provided. 2. If, however, ensuring comparability across our FOIA requests is difficult, than we would request the following data: <ol style="list-style-type: none"> (a) the county-by-month interoperability data, including data on submissions, hits, administrative arrests, and removals and returns, (b) for each month from Secure Communities inception in October records pertaining to [REDACTED] <p>records regarding [REDACTED] (b)(7)(C)</p>
